It's what we do. It's who we are.

Other companies may offer coverage for your cannabis dispensary, but most lack the experience that Illinois Casualty Company has. Since 1950, we have been offering custom-tailored property and liability coverage for businesses that serve alcohol and have built our reputation on handling claims that arise from this unique exposure.

With the legalization of recreational cannabis becoming more prevalent, similar protection is needed for cannabis dispensaries offering this product. ICC is now extending our years of experience in insuring taverns and restaurants to owners of cannabis dispensaries.

So, why take a chance that your current policy will leave you "high and dry" when you need it? Trust your cannabis dispensary to the experts at Illinois **Casualty Company.**

It could happen to you.

It's the call that every business owner dreads. The alarm is going off at your dispensary in the middle of a Saturday night. There has been a break in, and the police are on their way.

As you rush to get dressed, your mind races. Did the day's cash sales all get properly stored in the safe? Is the cannabis stock secure? How much could be missing?

Now is not the time to worry about having proper insurance coverage.

You need a specialist on your side.

Since 1950, Illinois Casualty Company has been providing specialized insurance protection for establishments that sell food and beverages. We have over 70 years of experience in protecting the assets of small business owners who host the public on their premises.
